Front Cover Photograph

Vickers Supermarine Spitfire G-PBIX/(RW382) c/n CBAF 11581 coded 'WZ-RR' owned by The Suffolk Spitfire and based at Sywell visited Oban on 08 April 2025 en route from Prestwick to Kirkwall. Originally built as a Mk XVIe, it was involved in a fatal accident in the USA in June 1998. The wreckage was shipped back to the UK and rebuilt as a Mk IX taking to the air again in September 2013. The aircraft is painted in the markings of Mk IXc 'Porky II' which was assigned to the USAAF 309th Fighter Squadron, 31st Fighter Group, in 1943 and flown by Lt. Robert Connor. The aircraft has a historical Scottish connection having been retired to No 45 MU at Kinloss in 1953.

SCAN Co-Ordinating Editor

The start of the summer schedules adds to the time committed by section editors to SCAN : Scottish Air News with changes to schedules, flight numbers, radio callsigns and times. This is particularly noticeable at Edinburgh where we increase from one to two tables this month and will increase from two to three tables next month.

The generally excellent weather we have enjoyed so far this Spring has led to a significant increase in light aircraft traffic around the country and fortunately we are receiving excellent photographic contributions to enhance our coverage within **Out and About**. In this issue we feature the visit of Spitfires G-PBIX/(RW382) & G-BRRA/(MK912) to Prestwick, Oban & Kirkwall in early April with not only the front cover photograph but also a centrespread of six photographs.

We have managed to broaden our photographic base with the addition of two new names at Aberdeen (well, one might say one new name and one old name!) and increasing contributions for Edinburgh and Wick. We now have a stock of high-quality photographs which will be used to publish extra photopages in the middle of the magazine in the coming months . . . space permitting.

This month's SCAN has 52 pages and 61 photographs for an e-subscription cost of £1!

Pressure of space in this issue has meant that the publication of two short Tailfin articles had to be deferred, hopefully we will have space next month.

Only four more months to go . . . As we approach our 60th birthday at the end of the year, I wanted to publish some articles looking back over the last six decades of aviation in Scotland. Unfortunately, I have been rather underwhelmed by the lack of response to my request for volunteers amongst the readership who are willing to pick up on a decade, an airfield, an airline, a squadron or any other topic, ideally with photographs. There is still time to look out the old notebooks, black & white photographs or slide collections . . . a lot has changed over six decades!

ACCIDENTS AND INCIDENTS

G-CMJM ATR72-600 (212A, c/n 1464) 31 October 2023 Edinburgh Airport

AAIB-29697 reports that whilst taking off from Edinburgh Airport, the right wheel from the nose leg gear detached from the aircraft. The detachment was not observed by the airfield operations department and the flight crew were unaware of the loss of the wheel. They continued the flight and landed at Belfast City Airport without any abnormal indications or adverse aircraft performance. The wheel was first noticed missing as the aircraft taxied onto stand at Belfast. A failure of the wheel axle caused by bearing overheat was identified as the cause of the wheel detachment. Several potential contributing factors were identified but the cause of the bearing overheat could not be positively determined.

G-CMYJ Delta Jet 500 Stingray (c/n EA026) 08 May 2025 near East Fortune West Airfield

The microlight crashed in as yet unknown circumstances, resulting in fatal injury to the pilot and serious injury to the passenger.

DATES FOR THE DIARY

Jun 21 Midsummer Wings and Classic Wheels Event, Easter Airfield

Jun 28-29 Fly-In, Lamb Holm Airfield, Orkney

AIRPORT AND AIRFIELD NEWS

The number of terminal passengers passing through Scotland's five main airports in March 2025 and for the rolling twelve months were (rounded to the nearest hundred for clarity).

				Full Year 2019		Full Year 2018	
Aberdeen Airport							
173,800	0%	2,300,600	+3%	2,912,700	-21%	3,086,900	-25%
Edinburgh Airport							
1,190,500	+6%	15,975,100	+9%	14,734,000	+8%	13,985,100	+14%
Glasgow Airport							
586,600	+3%	8,136,000	+8%	8,843,200	-8%	9,807,900	-17%
Inverness Airport							
54,600	+7%	806,700	+2%	937,700	-14%	888,700	-9%
Prestwick Airport							
35,300	+26%	550,200	+3%	639,000	-14%	689,900	-20%

All five airports are now ahead on the rolling twelve months measure compared to last year. Edinburgh handled 73,000 more passengers in the month compared to last year with Glasgow achieving 18,000 and Prestwick 7,000. Edinburgh is now consistently handling double Glasgow's terminal passenger traffic and remains the only airport showing growth in the rolling year comparisons with 2019 & 2018 running 2.0 million ahead of 2018 however Aberdeen and Glasgow are down 0.7 million and 1.7 million respectively. Edinburgh has gained a percentage point this month and now handles 58% of the overall passenger volume, up nine percentage points on 2018.

Only six city pairs recorded growth of more than 5,000 terminal passengers in the month, a total of 55,200 extra passengers or 55% of the overall net 100,400 increase. We are treating each London airport separately however Istanbul covers both Istanbul International and Sabiha Gökçen and Rome covers Fiumicino and Ciampino.

EDINBURGH	DUBAI	14,825	EDINBURGH	ISTANBUL	8,449
EDINBURGH	AMSTERDAM	11,757	EDINBURGH	AGADIR	6,453
EDINBURGH	PRAGUE	8,515	GLASGOW	MARRAKESH	5,184

Eight city pairs recorded declines of more than 2,500 terminal passengers in the month (Edinburgh 3, Glasgow 3, Aberdeen 1 & Prestwick 1) with Edinburgh-Heathrow -9,301, Glasgow-Dubai -5,221, Edinburgh-Doha -4,414, Glasgow-Lisbon -4,087 and Glasgow-Bucharest -4,045 at the bottom of the list. The impact of the Emirates Edinburgh-Dubai service is very clear while the Lisbon (easyJet) and Bucharest (Wizzair) services from Glasgow are not operating in 2025.

Twenty city pairs recorded growth between 2,500 and 5,000 terminal passengers in the month (Edinburgh 10, Glasgow 8 & Prestwick 2), a total of 70,800 extra passengers with Edinburgh-New York +4,867, Edinburgh-Wroclaw +4,634 and Prestwick-Alicante +4,605 at the top of the list.

AGS: AviAlliance has announced plans to invest £350 million in AGS Airports over the course of the next five years following its recent acquisition of the group. The investment plan in Scotland includes a comprehensive transformation of Glasgow's main terminal building as well as airfield infrastructure and energy efficiency initiatives while Aberdeen will see a similar investment in its airfield infrastructure.

Prestwick: China Southern Airlines started scheduled cargo flights from Guangzhou to Prestwick on 17 May initially operating four flights a week with plans to increase up to daily. The airline has a fleet of eleven Boeing B777F aircraft

Tingwall: The airfield has closed to all traffic from 05 to 30 May for resurfacing of the runway and apron. Scheduled services operated by Airtask Group for Shetland Islands Council, the airfield operator, will move to Sumburgh for the duration and resume at Tingwall on 02 June. The council will not only undertake the work in-house, but it also owns the quarry supplying the asphalt - a unique example of vertical integration!

AIRLINE NEWS

BH Air: Balkan Holidays have announced that they have closed to UK business. In recent years their seasonal IT operations from Glasgow and Edinburgh to Bourgas have been based on use of Electra Airways ACMI A320s or a Bulgaria Air A319.

Eurowings Europe Malta: A large number of A320s are on summer ACMI operation from Avion Express Malta currently comprising 9H-AMJ (3531), 9H-AMK (3503), 9H-AML (2594), 9H-AMP (2663), 9H-MLB (4491), 9H-MLE (4767), 9H-MLL (5372), 9H-MLO (5653), 9H-MLW (2964), 9H-MLY (3493), 9H-SWC (3734), 9H-SWG (4736), 9H-SWI (3141), 9H-SWK (4008), 9H-SWN (5086).

Global Airlines: The publicity / proving flight from Glasgow to New York JFK on 15 May utilising A388 9H-GLOBL operated with only circa 95 passengers, a load factor of < 20%, and a crew of 27. It has also been reported that the main deck was only used for the First Class passengers with everybody else on the upper deck.

Hainan Airlines: The airline's Edinburgh-Beijing service CHH407/408 is being extended over the winter season operating 0530/1100 on Monday & Friday.

Icelandair: The airline has announced a new extended winter season service from Edinburgh to Reykjavik (Keflavik) from 12 September to 12 April operated by B737 MAX 8 aircraft three times a week (Tuesday, Friday & Sunday) with an additional Thursday flight operating in November through to mid-December and from mid-February. ICE434/435 is scheduled for 1320/1415 at Edinburgh with winter season timings of 1020/1220.

IAG: In addition to more long-haul aircraft, a further 17 A321N and 13 A320N have been ordered but fleet allocations (British Airways, Aer Lingus, Iberia) are not yet known. The allocation of 50 B737 MAX ordered back in 2022 is still unconfirmed although it is thought to be for Vueling.

United Airlines: The Edinburgh-Washington service is being extended into the winter season with five flights a week apart from a low season gap in January / February.

Ascend Airways Boeing 737 MAX 8 G-CRUX c/n 44863 under tow at Prestwick on 08 April 2025 - it departed for Biggin Hill three days later, and visited Glasgow on a football charter over 16-18 April (Louise Turnbull)

residents review

Alistair Ness email : alistairness@gmail.com

Cumbernauld: Sportcruiser G-KUIP (MY9) has been registered to P Connor t/a Cumbernauld Flyers. Sting G-DOOG is being advertised for sale through Robert Stalker so it may depart sometime soon.

Easterton: EuroFOX G-CMYH (MY9) was delivered on 04 May and immediately entered service as the new glider tug.

Fearn - Easter Airfield: CH750 G-CIJK remains based and only makes occasional visits to the owner's Strathpeffer airstrip, perhaps awaiting construction of a hangar or improved weather.

Forfar - Baldardo Farm: Calidus G-CGVK moved into this airstrip from Perth on 06 May.

Glasgow: PA38 G-LFSO (MR7) has been registered to Abbotsinch Aviation (the same owners as PA28R G-EGPF) and operated by Leading Edge Flight Training.

Inverness: Only small parts from MTOSport G-CKYD written off at Cawdor near here on 22 Apr last year remain, so we have removed this one from the Scottish Register.

Kilkerran: A visit by John Beacom on 27 Apr found no sign of Renegade Spirit G-MYRK (it may never have been here), possibly Based Abroad somewhere or although being in Permit until October, perhaps at the owner's home in Girvan (see also G-BLWT below)? The six other residents were all confirmed as per the 2025 Scottish Register.

New Cumnock - Benston Farm: A visit to the airstrip on 10 May found no sign of Husky N60UK and it is assumed to have been here only briefly. It was last noted on 09 Mar tracking near Dalmellington. Does anybody know where this is based?

RAF Lossiemouth: It is thought that Pipistrel G-ORAT may have departed (last recorded on FR24 08 Mar) having been replaced by the newly delivered G-CLWO (MY9), the trailer to and from Inverness where the aircraft are assembled and disassembled for travel probably being used to take 'AT south.

Perth: EC135 G-PSCA (MY10) was delivered on 19 Apr going on-line as the duty HLE76 the following day. Spitfire Mk26 G-RORB marked P9367 was removed by road on 24 Apr having been sold for preservation to a private owner in Bishopbriggs. Bristell G-NGII went to Old Warden on 19 Apr then flew locally before heading to Croydon Top Farm in Cambridgeshire, most likely for sale. Robert Stalker has replaced it with Pioneer 300 G-OLAA which is no stranger to Perth having been based here a few years ago. Piper L4H G-CGIY marked 330244 suffered an accident (date unknown) where the main spar has been damaged and currently the wings are off while it awaits repair. MTO G-CIHH written off in an accident here on 12 Feb (AP7) has been cancelled from the Register although for now the remains are still stored in the hangar. As expected Calidus G-CGVK has departed, going to Forfar - Baldardo Farm airstrip on 06 May. PA28T G-BONC currently in bits inside the engineering hangar may be going back to its owners SC Airlease soon. RV-14 G-JWEE under construction in Edinburgh by John Wheeler is expected to move in shortly for completion. Meanwhile John's short-lived ownership of Jabiru G-IPAT came to an end on 14 May when it eventually departed to Bodmin (MY9). The unregistered Baby Mustang project has quickly found a buyer (MR7), but we don't know where this is off to. To tide him over and keep him flying in the interim, he's bought RV-9 G-CCZT which arrived on 11 May. Gamebird G-JNDY (MR7) is expected to arrive soon. On 16 May it was still hangered with ATS at Wycombe Air Park.

Peat Inn - Hawkswood Country Estate: A new airstrip, which received planning permission back in December 2023, is proposed to be laid-out for use by visitors flying in to stay at accommodation nearby (rather like the set up at Newhall Mains on the Black Isle). There is no hangarage although the consent does mention use by the owner's aircraft, possibly one that is normally based down south.

Stornoway: A new resident is Ce172 G-ENOA with WK MacLeod which arrived on 09 May.

Strathpeffer – Heights of Brae Airstrip: As noted above, CH750 G-CIJK from Easter has still to move here on a permanent basis.

MICROLIGHTS – G-MXXXs & FLEXWINGS

- G-CMY Y Deltajet 500 which only recently arrived at East Fortune West was sadly written off in a fatal accident here on 08 May.
- G-MYLZ Quantum cancelled by the CAA in 2002 and last seen in 2017 is confirmed still stored in the driveway of a private house in Callander on 15 May.
- G-SYTH Peabee with an owner in Gorebridge is confirmed based at Balado.

GLIDERS

- A sighting by Alistair Dickson on 05 May confirms that the battered remains of the centre section of Bocian G-DDBX last reported two years ago still live on in a yard near the railway line in central Stirling.
- DG-100 G-DDUY on rebuild at Aboyne is now flying again.
- Vikings ZE527 and ZE633 at Kirknewton over Easter (MY10) appear to have departed again, presumably back to Syerston.

HELICOPTERS

- SCAA: EC135: G-PSCA (MY10) became active at Perth from 20 Apr.
- R66 G-OHAS registered to Heli Air Scotland and previously operated through Kingdom Helicopters (who ceased trading in June 2023) seems to be based at the pilot's home at Hyndford Bridge near Lanark, frequently visiting Cumbernauld and the helipad at Addiston Mains near to Dalmahoy and Edinburgh Airport.

HOMEBUILDS, GYROPLANES, RESTORATIONS, PRESERVATION, INACTIVE & UNALLOCATED

- Evans VP-1 G-BLWT has been registered to GR Howitt at an address in Girvan. This was last known stored at Eshott and as the Permit expired in 2012 it may well still be there awaiting restoration or perhaps moved to the address for work to be done. Also see above re Renegade G-MYRK with the same owner not being at Kilkerran as was originally thought.
- CH701 G-CLCW under construction with an owner in Langholm since 2019 has been sold to a new owner in Wigan.
- MCR-01 Banbi G-CLYY has been registered to SA Wilson at his address in Banff. It is a restoration project that was last seen in 2022 dismantled at Croydon-Top Farm still wearing its former registration PH-GSZ. The same owner operates RV-14 G-CKZH at Longside so we expect this one will end up there eventually, if it hasn't already.
- Shadow G-MWLD from the Lost section in the Scottish Register has been tracked down to an address at Little Cornard - The Mere in Suffolk.
- Quasar G-MWZE stored in a trailer at the now abandoned Stair airstrip but not seen in over 20 years and cancelled in 2009 has been confined to Lost.

BALLOONS

- Cameron O-77 G-BSUV kept in Dundee has been sold in Canada as C-GHBL.
- Ultramagic S-105 G-CDPN is due to arrive in Scotland (DE9) in May, to be kept in Strathaven town.
- Cameron O-65 G-CMNR which has a group of owners with addresses in the Edinburgh and London areas was seen flying near Llandovery on 02 May.

Skyhook Helicopters Airbus H125 G-KLCK c/n 9658 lifting off from a private home at Newton of Ferintosh on 17 March 2025 - the aircraft has recently been involved in moorland fire-fighting support
(Gilmar Green)

SCAA Eurocopter EC135 T2+ G-PSCA c/n 1074 operated by Babcock Mission Critical Services at its Perth base on 22 April 2025 having been delivered three days earlier
(Wallace Shackleton)

LOCAL NOTES: The latest addition to the Little Jet Company's fleet in the shape of Citation Bravo G-SPJT made a welcome first visit on 07 Apr with Unicair's Lear 45 D-CDOC on ambulance duties providing another first visit. PC12 N785CM on 17 Apr turned out to be an old Dundee regular being the former OE-EBF making its way to the States. Falcon 50EX N500CF did a quick stop to pick up a couple of extra passengers on 20 Apr before heading on to Italy. Cirrus Jet N291AH was a surprise visitor on 25 Apr as it was booked it at Perth but elected to land here. CeF406 G-RVLX popped in on the last day of the month for a gas & go whilst carrying out a survey in the area.

Learjet 45 D-CDOC c/n 45-018 operated by Unicair visited Dundee on an air ambulance mission over 07-08 April 2025 from Malaga to Girona (John Chalmers)

Zinck Aviation's Diamond DA50C SuperStar G-DOGA c/n 50.C.A.A.014 briefly visited Dundee on 23 April 2025 before routing to Kirkwall, visiting again two days later southbound (John Chalmers)

Wolverhampton (Halfpenny Green) based Cirrus SF50 Vision G2+ N291AH c/n 0534 paid at brief visit to Dundee on 25 April 2025 from and to its home airfield (John Chalmers)

Guernsey based Socata TBM-700C1 N302JG c/n 302 arrived at Dundee from Birmingham on 21 April 2025 and departed to Guernsey on the following day (John Chalmers)

LOCAL NOTES: A much busier month, with the summer timetable and various sub-charters providing plenty of interest for airliner enthusiasts - there were 45 first visiting airliners, with Airbus A220s heavily featured. Lufthansa used airBaltic A220s on their Munich service, Edelweiss used several Swiss examples on their Zurich service and Brussels Airlines also provided some airBaltic airframes on their weekend flights. But best of the A220s were Cyprus Airlines 5B-DEF which night-stopped on delivery from Montreal on 18 Apr and Czech OK-EYA in the wee small hours of 09 Apr. There were three United Airlines A321 deliveries - N14531 (01 Apr), N24537 (02 Apr) and N14528 (08 Apr). Transavia France also provided some A320s on their CDG service, and Aer Lingus offered A321NX EI-LRC (18 Apr). Other airliner highlights included JetTime B737 OY-JZP on the SAS flight (13 Apr), Titan B737 G-POWK on the Aurigny Guernsey service (16 Apr), THY A350 TC-LGK (19 Apr), and B767F 5Y-SVR on delivery to Astral Airlines (25 Apr). There was a definite improvement in the bizjet numbers, though few standouts - Gulfstream 650 T7-88999 (04 Apr) was probably the best of the bunch. Military interest was provided by Irish Air Corps C295 285 (10 Apr), RAF Atlas ZM404 (13 Apr) and Globemaster ZZ173 (21 Apr), US Navy UC-12s 163560 and 163837 (23 Apr) and C-40A 165834 (26 Apr) while Navy Merlin HM2 ZH861 (25 Apr) was a rarity. The month concluded with an overshoot by Luftwaffe Global 5000 14+04 (30 Apr).

Vueling A320-214 EC-LZN c/n 05925 in its FC Barcelona Ladies 'DREAM.PLAY.FLY' livery about to depart Edinburgh for the return flight to Barcelona on 03 April 2025 (Mark Piacentini)

Another three A321-271NX deliveries to United Airlines through Edinburgh this month, the first was N14531 c/n 12217 over 01-02 April 2025 en route to Tampa via Bangor (Mark Piacentini)

THY Turkish Airlines Airbus A350-941 TC-LGK c/n 471 substituting for the usual A321N approaches Edinburgh on 19 April 2025 after diverting to Munich with a medical emergency. (Alan Potts)

AirX Embraer EMB145BJ Legacy 600 9H-IMP c/n 14500818 landing at Edinburgh on 24 April 2025 for a brief visit from Amsterdam to Larnaca
(Mark Piacentini)

San Marino registered Gulfstream G650ER T7-88999 c/n 6565 owned by Taiwan's Green Tree Aviation Technology visited Edinburgh over 04-07 April 2025
(George Mutch)

Union Aviation Bombardier Challenger 604 YL-TIM c/n 5543 on short final to Glasgow on 05 April 2025 for a nightstop - despite its Latvian registration, it is based at Istanbul-Ataturk
(Peter McCann)

					Heraklion-Farnborough

Underlining indicates first visit of aircraft (by registration) courtesy of GAAEC ** football or rugby charter

Vueling Airlines Airbus A320-232 EC-LUO c/n 5530 in its Athletic Bilbao scheme visited Glasgow on 09 April 2025 - the first of three visits for a Europa League game against Rangers **(Louise Turnbull)**

Frost Air Saab 2000 OY-FSC c/n 2000-039 (ex-Loganair G-LGNT) operated a charter for the Glasgow Warriors to Dublin outbound on 10 April 2025 and here retuning two days later **(Louise Turnbull)**

Vickers Supermarine Spitfire Mk IXc G-BRRA/(MK912) c/n CBAF 8185 coded 'DU-V' owned by Lilham Aviation and based at Sywell taxiing at Oban on 08 April 2025
(Stephen Lawson)

G-BRRA/(MK912) landing at Prestwick on 07 April 2025 for the first of two nightstops - the aircraft wears the markings of 312 (Czech) Squadron RAF which it wore on D-Day when it was flown by P/O Miroslav 'Tony' Liskutin, DFC
(Ian Howat)

Not Tangmere or Biggin Hill but a cloudless Oban on 08 April 2025, G-BRRA/(MK912) is ready for its sortie to Kirkwall - a forced landing and extensive damage at Biggin Hill in August 2015 resulted in a nine-year restoration project
(Stephen Lawson)

G-PBIX/(RW382) taxiing at Oban on 08 April 2025 shows off the 'THAT'S ALL FOLKS PORKY II' markings on the starboard side of the aircraft (Stephen Lawson)

G-PBIX/(RW382) landing at Prestwick on 07 April 2025 for a nightstop en route from Sywell via Leeds East to Oban and Kirkwall on the following day (Ian Howat)

Departing Prestwick in formation for Oban on the morning of 08 April 2025 (Louise Turnbull)

SCHEDULED FLIGHTS

Certain schedules do not operate to the same daily timings hence the use of 'Var' (variable).

OTHER AIRLINE NOTES

BRITISH AIRWAYS maintenance movements noted were 03 G-DBCAA319 arr as BAW9276, dep 30 as BAW1485; 04 G-GATS A320 dep as EFW9750 (arr 03 Mar); 27 G-EUXK A321 dep as EFW9751 (arr 31 Mar); 29 G-EUOO A320 arr as BAW1478.

JET2 had eight B738s (G-JZBF, G-JZBK, G-JZBX, G-JZDH, G-JZHM, G-JZHW, G-JZHX & G-JZHY) based at the end of April.

TUI AIRWAYS had two B38Ms (G-TUMK & G-TUOB) based at the end of April with two B738s (G-TAWJ & G-TUKO) being added at the beginning of May. A bit more B788/B789 activity noted in the month, G-TUIA TOM9546/546 on 17 Apr from Manchester to Bridgetown, G-TUIJ TOM913P/278 on 20 Apr from Gatwick to Bridgetown, and G-TUIC TOM9087/076 over 22-23 Apr from Gatwick to Cancun.

LOCAL NOTES: A reasonable month boosted by some football traffic (both legs of Rangers v Bilbao in the Europa League and the outbound team charter for a Scotland v Germany Women's Nations League fixture), two more Texan IIs on delivery to the Vietnam Air Force over 03-04 Apr, and four USAF MC-12W Liberty and a Be350 transiting westbound over 18-22 Apr. The football charters yielded first visits from Ascend Airways B38M G-CRUX, LEAV A320 D-ANNE, Transavia B738 PH-HSM, Vueling A320s EC-JZI, EC-LAB & EC-LUO and Smartwings A223 OK-EYA sub-chartered by Global Reach Aviation which was not only a first visit but also surprisingly perhaps the first visit of an A220 to Glasgow. Two Croatia Airlines DHC-8 movements - 9A-CQA transited westbound on 05 Apr while 9A-CQB returned eastbound on 28 Apr into storage. The standout executive jet movement was Union Aviation CL604 YL-TIM over 05-06 Apr routing from Biggin Hill to Bursa Yenisehir, Turkey. A new airfield name, Ce172K EI-HHG on 22 Apr was inbound from Tourmakeady, a farm strip by Lough Mask, County Mayo.

SunExpress totalled no less than 14 first visits out of 16 movements on the Antalya route plus 3 first visits out of 8 movements on the Dalaman route . . . still plenty to come as the fleet comprises 72 B738/B38M aircraft! Not to be outdone, Ryanair contributed 12 B38M and 8 B738 first visits (although most if not all the B738 first visits are internal fleet transfers between Ryanair and Malta Air & Buzz).

Air ambulance transfers this month were by 247 Aviation 'Nightingale' (EMC) PC-12s G-LUSO (c/s EMC2) on 30 x 2 Apr, G-ISJE (c/s EMC3) on 20 x 2, 21 & 30 Apr, G-MDSE (c/s EMC7) on 09, 10 & 11 x 2 Apr and G-MDSZ (c/s EMC6) on 20 Apr, also DA62 G-CMNW (c/s EMC4) on 13 Apr; and IAS Medical 'Medops' (MDI) Be200s G-IASB (c/n MDI08) on 16 & 29 Apr and G-IASC (c/s MDI14) over 06-07 Apr.

Only one HMCG helicopter noted this month, Prestwick's AW189 'Rescue 199' G-MCGP on 02, 16 & 25 x 2 Apr. Wales Air Ambulance H145 G-WROL was on maintenance with Gama Aviation throughout the month.

LOCAL NOTES: The usual mixture of transatlantic traffic interspersed with some local touring traffic, for example EuroFOX G-VIDA on 04 Apr and VL-3 OM-S361 on 07 Apr. Tecnam P-2012 Traveller N470US on 04 Apr was on delivery to Georgetown, Guyana. SR20 N363DB on 06 Apr was formerly D-EVPC and had been re-registered only 3 days earlier. Five more Ce208 visits (four new aircraft deliveries and one transit) - N9013S on 12 Apr to Auric Air in Tanzania, N366MT on 15 Apr to Textron authorised distributor Africair based out of Nairobi, HB-TDH on 17 Apr is a Caravan 675 with the higher-powered PT6A-114A, and PK-SNF on 26 Apr for Jakarta based Smart Aviation (perhaps surprisingly, a re-use of this registration originally allocated to the last Pilatus Porter built which crashed on Dec 15 2022 during its delivery flight killing the pilot). Eclipse 500 N125DE developed a problem on arrival on 22 Apr necessitating a visit to a type rated engineer before continuing across the 'Pond', hence the round trip to Guernsey. The month ended with Brazilian registered EMB500 PP-FRR on 26 Apr (formerly OE-FXY delivered through Inverness on 29 Mar last year) and Slovakian registered DA42NG OM-DHM on 27 Apr on a short trip to Iceland.

Taking advantage of the ideal VFR flying weather, Piper PA-18 L-18C Super Cub G-BEUU c/n 18-1551 was a visitor to Wick on 02 April 2025 routing from Oban to Perth
(Alan McGee)

JMB VL-3 915iS OM-S361 c/n VL-3-361 at Wick on 07 April 2025 while based for a few days out of Newhall Mains, also visiting Dornoch & Lamb Holm
(Cameron Finnegan)

Mooney M20M SE-MHX c/n 27-0328 transited Wick on 14 April 2025 from Roskilde to Reykjavik and onwards to near Edmonton - note the Swiss not Swedish flag on the tail
(Cameron Finnegan)

Cessna Ce208 Caravan 675 HB-TDH c/n 20800715 with the higher-powered PT6A-114A at Wick on 17 Apr on delivery to Sion via Lille & La Chaux-de-Fonds
(Cameron Finnegan)

Cessna Ce208B Grand Caravan EX N366MT c/n 208B5867 approaching Wick on 15 April 2025 for Textron authorised distributor Africair based out of Nairobi
(Alan McGee)

Cessna Ce208B Grand Caravan EX PK-SNF c/n (TBC) transited Wick on 26 April 2025 on delivery to Jakarta based Smart Aviation 'the rising star'
(Cameron Finnegan)

BASED RCAF AIR TASK FORCE PRESTWICK CC-130Js

The deployment comprises three CC-130J Hercules. They were away as follows:

130601 CFC4275 11 Apr-02 May

130614 CFC2995 02-03, 03-04, 04-05; CFC2900 12-15; CFC2901 16-17; CFC2903/04 23-28

130616 CFC2908 07; CFC2999 11-12; CFC2902 18-21; CFC2905 29 Apr-01 May

LOCAL NOTES: Ryanair B38Ms: A summer timetable boost for non-based flights is set out in the grid with new flight numbers and call-signs as far as is known. Additional inbounds often remained based for a period and include EI-IKM 03 Apr **ns** PMI/AGP, EI-IJI 04 Apr **ns** AGP/TFS, EI-IGK 04-07 Apr, EI-IJI 04-13 Apr, EI-HAX 13-15 Apr, EI-IJL 24 Apr LPA/PMI based, EI-IFZ 15-24 Apr, EI-HGZ 20-30 Apr, EI-IJL 24-30 Apr. Malta Air visits include 9H-QCH 03 Apr based, 9H-QCV 06 Apr **ns**, 9H-VUN 07-19 Apr, 9H-QFJ 10 Apr-08 May. Ryanair's LJ45 movements were M-ABGV 03 & 15 Apr and M-ABJA 24 Apr. New company hacks in the shape of CL350s M-ABSU visited 02-04, 06, 09, 11-13, 17, 20-22, 25, 29 & 30 Apr and M-ABTE 23-25 & 28 Apr making their first appearances for training and will no doubt be seen regularly in place of the Lear Jets.

Jet2 A321 training during April comprised G-HLYF on 01, 02 & 29 Apr and G-HLYA on 03 Apr.

On the military front it was month of the 'Moose' with C-17As almost every day. Several venerable KC-135s visited towards the end of the month. 'Serial-free' US aircraft noted above were identified from ADS-B and were C-5M 87-0035, C-17A 07-7183, C-21A 86-0374, KC-135T 59-1520, KC-135R 63-8884 and C-37A 01-0030. Merlin HM2 ZH832 which arrived on 26 Mar on TDY left as 'TIGER69' on 11 Apr. KC-46A 20-46076 over 03-04 Apr was supporting the delivery of F-35s 5823 and 5826 'RETRO41' and 'RETRO42' to Norway. A surprise was the visit of four 366FW/391FS F-15Es on 05 Apr transiting from Seymour Johnson AFB to Lakenheath to uplift fuel due to a technical issue with their accompanying KC-46A 15-46070.

On long term maintenance, VP-CVG B789 was present all month departing on 22 May for San Bernadino, 9H-HYA B738M was present all month but was re-registered on 04 May as G-LESO for Ascend Airways and departed on 16 May to Luton while G-VYGL A332 arrived on 08 Apr and departed on 08 May as TOW698P.

SCAN:

60 years of Aviation in Scotland 1965-2025

Irish Coastguard Leonardo AW189 G-CMTP c/n 89023 passed through Prestwick on 29 April 2025 on delivery from Aberdeen to Shannon to become EI-IRG, the first of two ordered (**Stewart Robertson**)

Textron Citation M2 HB-VCA c/n 525-1188 taxiing to depart Prestwick on 07 April 2025 on delivery to Albaniti Aeronautics SA at Geneva via Southampton, Chateauroux & Grenoble (**Ian Howat**)

Another (and a consecutive c/n) Textron Citation M2 delivery to Switzerland through Prestwick was HB-VIA c/n 525-1189 on 22 April 2025 for Jetco Aviation Services GmbH at Zurich (**Ian Howat**)

The second of four Bombardier Challenger 3500s for Ryanair's internal crew transfer / maintenance fleet, M-ABTE c/n 21056 on its first visit to Prestwick on 23 April 2025
(Ian Howat)

Gulfstream G450 N450CE c/n 4250 registered to Blue Flag Two Ltd of Dayton, Ohio visited Prestwick over 24-30 April 2025 - taxiing for departure against the backdrop of 'Prestwick AFB' (Ian Howat)

Global Jet Austria Gulfstream G650 OE-LEO c/n 6278 on short final to Prestwick in a cloudless sky on 08 April 2025 for a nightstop from and to Luton
(Ian Howat)

Tingwall: 02 G-CMCG P2010 from Perth

The destination of others inevitably cannot be confirmed based on tracking data alone eg EV-97 G-CHGE went north on 07 Apr returning south on 09 Apr, probably to Broadford or Plockton, while R44 G-JGAR routed northwest past Bute on 18 Apr returning south on 20 Apr. Enstrom 480 G-WOOF transited Cumbernauld on 19 & 20 Apr to and from the Mull direction.

Still looking smart at 50 years old, Rockwell Commander 112A G-BDLT c/n 363 visited the Easter @ Easter Fly In on 20 April 2025 from its home base of Newcastle (Jim Simpson)

Also visiting the Easter on 20 April 2025 from its St Katherine's Airstrip, Oldmeldrum, base was Bristell NG5 Speed Wing G-CMTV c/n LAA 385-15815 'Dream Big, Fly High' (Jim Simpson)

KIRRIEMUIR FLY-IN 12 April 2025

Another short notice, due to good weather forecast, pop-up event!

G-CDCC	EV-97	G-CLWT	Sherwood Scout	G-RVIB	RV-6
G-CFGZ	FD CTSW	G-CLXX	EuroFOX	G-VDOG	Ce305 (24582)
